Dear Friends,

We have great pleasure in inviting you to this International CME Programme in Renal and Transplant Pathology of the Indian Society of Renal and Transplant Pathology. The distinguished national and international faculty for the 2 ½ day – long programme include Prof. Robert Colvin, the father of renal and transplant pathology from Harvard University. This meeting will be particularly suitable for junior and senior pathologists and nephrologists and those in training, interested in renal pathology.

We look forward to having you all in this beautiful city of Hyderabad.

Regards,

Swarnalata Gowrishankar
